SINGLE USE INSTRUMENTS CATALOGUE

Single Use Instruments Catalogue

9001:2003 13485:2008

1201
Bowlby Tracheal Dilator

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1202
Formby Cerumen Hook & Scoop

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1203
Hartman Crocodile Forcep

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1204
Hartman Crocodile forcep Extra Fine

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1205
Jobson Horn Probe

Size: 5"
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1206
Jobson Horn Probe

Size: 7"
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1207
Lister Sinus Forcep

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1208
Silver Probe with eye & lister sinus forceps

Size: 5"
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1209
St Barts Wax Hook Blunt

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1210
Tilley Aural Dressing Forceps

Size: 5.5"
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1211
Tongue Depressor double ended

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1212
Zoellner suct tube

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1213
Allis Tissue Forceps

Size: 9.5"
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1214
Currie Uterine Scissors

Size: 8"
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1215
Cusco vaginal Speculum with Evacuation tube

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

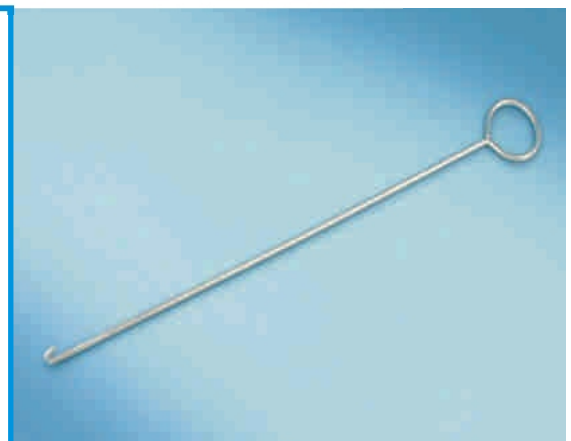

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1216A
IUCD Hook

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1216
Hegar Dilator

Size: 3/4 & 5/6
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1217
Luer Vulsellum Forceps

Size: 9"
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1218
Mayo Scissor Curved

Size: 7"
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1219
Mayo Scissors straight

Size: 6"
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1220
Mayo scissors straight

Size: 7"
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1221
Rampley Spongeholder

Size: 7"
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1222 Rampley Spongeholder

Size: 9.8"
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1223
Simms Uterine Sound

Size: 12.5"
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1224
Simms Vag Speculum

Size: Medium
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1225
Spencer wells Artery Forceps straight

Size: 7"
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1226
Teal Vulsellum Forcep

Size: 9" 4/3 teeth
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1227
Wintertons Vaginal Speculum

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

**1228
BP Handle**

Size: No.3
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

**1229
BP Handle**

Size: No.4
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

**1230
Extra Fine Nail File**

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

**1231
Fine Nail File**

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1228
BP Handle

Size: No.3
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1229
BP Handle

Size: No.4
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1230
Extra Fine Nail File

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1231
Fine Nail File

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1236
Mini Blade Handle

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1237
Nail Splitter

Size: 5.5"
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1238
Nail Elevator

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1239
Podiatry Nail Splitter

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1240
Toenail Scissors

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1241
Tubegauze Applicator Medium

Size: Medium
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1242
Turnbull Nail Cutter Barrel Spring

Size: 5.5"
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1243
Adson NT Forcep

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1244
Adson Toothed Forceps

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1245
Amalgam Condenser

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1246
Burnisher Ball Double Ended

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1247
College Forceps

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1248
CPITN probe

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1249
Dental Probe

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1250
Dental Syringe

Size: 2.2ml
Material: Brass Chrome Plated
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1251
Dressing Scissor SB

Size: 5"
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1252
Flat Plastic

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1253
Iris NT Forcep

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1254
Iris Stitch Scissors

Size: 4.5"
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1255
Iris Stitch scissor curved

Size: 4.5"
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1256
Iris Toothed Forcep

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1257
Kilner Needle Holder

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1258
Mouth Mirror

Size: No.4
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1259
Mosquito Forcep Curved

Size: 5"
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1260
Periodontal Probe

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1261
Spoon Excavator

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1262
TOE Forcep

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1263
Treves Forcep

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1264
Wards Carver

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

**1265
BP Handle**

Size: No.3
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

**1266
BP Handle**

Size: No.4
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

**1267
Dental Syringe**

Size: 2.2ml
Material: Brass Chrome Plated
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

**1268
Gillies skin hook**

Size: Medium
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1269
Halsey Needle Holder Straight

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1270
Kilner Needle Holder

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1271
Mayo Needle holder

Size: 6"
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1272
McIntosh Blade

Size: No.1
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

**1273
McIntosh Blade**

Size: No.2
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

**1274
McIntosh Blade**

Size: No.3
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

**1275
McIntosh Blade**

Size: No.4
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

**1276A
Rampley Spongeholder**

Size: 7"
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1276 Handle

Size: Standard
Material: Brass Chrome Plated
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1277 Rampley Spongeholder

Size: 9.8"
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1278 Silver Probe with eye

Size: 5"
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1279 Volkman Spoon

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1280
Currie Uterine Scissors

Size: 8"
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1281
Dressing Scissor SB

Size: 5"
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1282
Iris Stitch Scissor

Size: 4.5"
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1283
Iris Stitch scissor curved

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1284
Iris Stitch scissor curved

Size: 4.5"
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1285
Lister Bandage Scissor

Size: 5.5"
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1286
Mayo Scissor Curved

Size: 7"
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1287
Mayo scissors straight

Size: 6"
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1288
Mayo scissors straight

Size: 7"
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag & EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated & laser marked to eliminate the risk of corrosion.

1289
Polyprop Scissors

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag & EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated & laser marked to eliminate the risk of corrosion.

1290
Strabismus Scissor

Size: 4.5"
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag & EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated & laser marked to eliminate the risk of corrosion.

1291
Tough Cut scissors

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag & EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated & laser marked to eliminate the risk of corrosion.

1292

Umbilical Cord Scissor

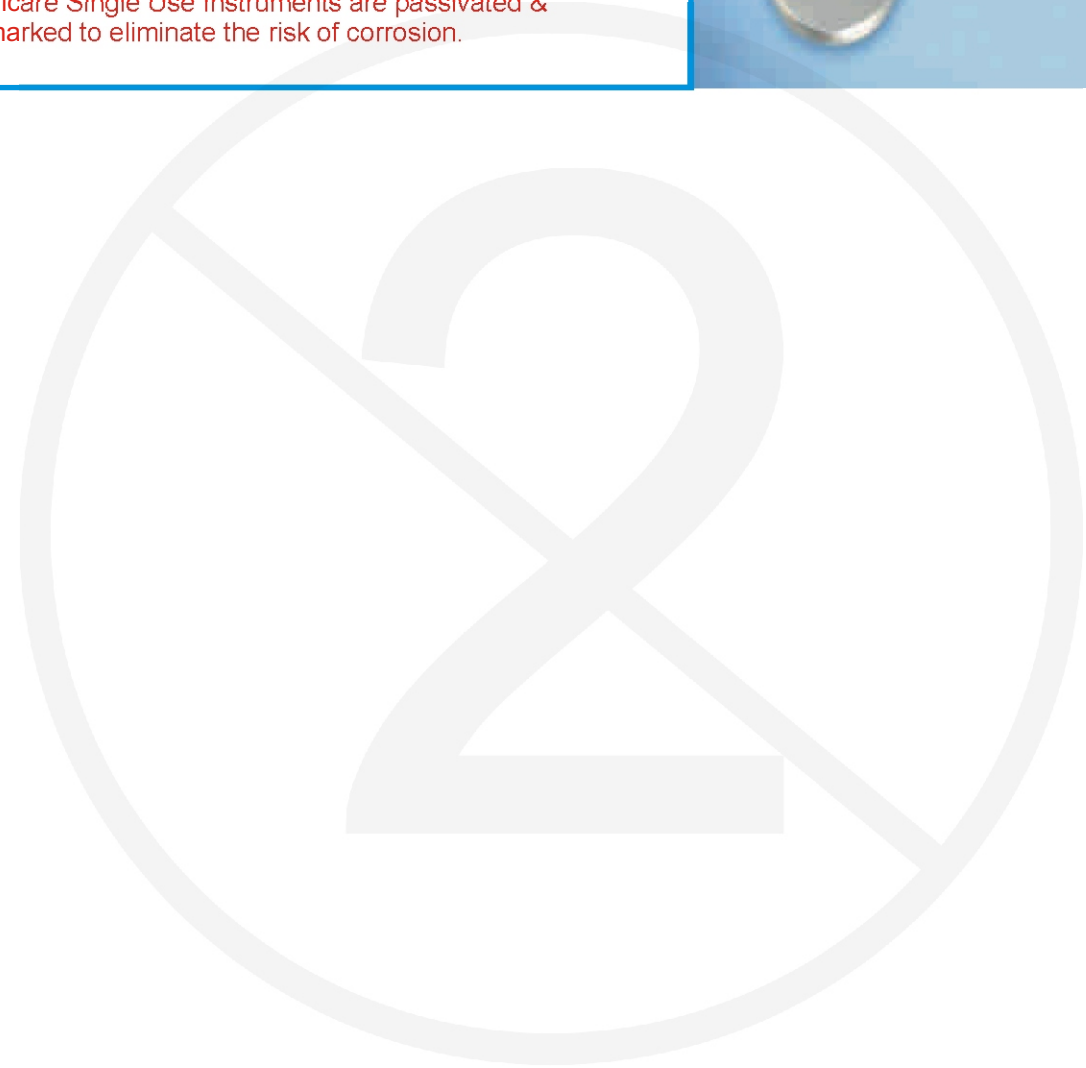

Size: Standard

Material: Stainless Steel

Finish: Satin / Mirror

Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1293
Adson NT Forcecp

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1294
Adson Toothed Extra Fine

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1295
Adson Toothed Forcecps

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1296
Allis Tissue Forcecp

Size: 6"
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1297
Allis Tissue Forceps

Size: 9.5"
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1298
Arthur Splinter forceps

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1299
Collin clip removal forceps

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1300
Hartman Crocodile forcep Extra Fine

Size: Standard
Material: Stainless Steel
Finish: Satin / Mirror
Packaging: Non-Sterile Instruments in Poly Bag &
EO Sterile Instruments in Sterilized Pouch.

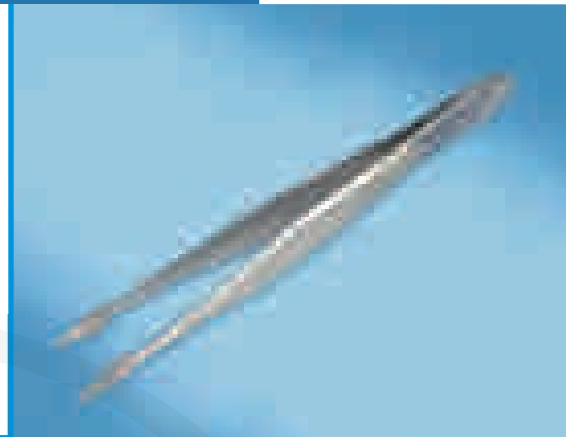

All Wellcare Single Use Instruments are passivated &
laser marked to eliminate the risk of corrosion.

1301
Hunter Splinter Forceps

Size: Standard
Material: Stainless Steel
